COMMENTS FROM THE TOWN MANAGER'S OFFICE

The members of the highway crew are back from vacation and operations are back to normal. The truck that is used for spraying work is being finished. There is a road job that the Town of Bethel is going to do for the Town of Gilead.

The Town of Bethel was going to tar a piece of road in the Town of Gilead last fall but the weather was too cold when the road construction was completed. A thin layer of gravel will be applied to the road and then it will be tarred. The total work should only take a few days.

The latest printing of the zoning ordinances is now available. You can get a copy at the town office or we will mail a copy to anyone requesting one. The booklet contains the original ordinance and all changes made including the mobile home park ordinances that were added at a special town meeting on Oct. 18, 1965.

Several persons have asked about the completion of the revaluation of the residential properties. Last summer about 40% of the residential buildings in town were inspected for tax purposes. The work done last fall was not used for assessing purposes this year. Late next month the Appraisal Associates will complete the revaluation of the residential properties in Bethel. In 1967 all of the residences will be taxed according to these latest figures. The updating of the work should remedy many of the inequities that presently exist. These inequities, for the most part, are not errors of judgement. They arise from changes that take place over the years. The changes either increase or decrease the value of the structure and an inspection of all buildings is necessary to get the values in their proper place.

COUNTY TREASURER NOMINATED BY REPUBLICANS

The Oxford County Republican Committee Wednesday night, July 13, nominated Mrs. Albert S. Carey of South Paris to fill the unexpired term of Stuart F. Martin of Rumford as county treasurer, and probably founded the end to a county fiscal crisis which had been precipitated in Oxford County for two weeks.

Mrs. Carey's nomination came on a second ballot of committee members at the county building in South Paris. She defeated Elliott Hunt of Norway, Loren Haskell of Oxford and Chester Cole of West Paris.

County Chairman Fred E. Hanson of Rumford informed Gov. John H. Reed of the choice last Thursday morning. Mrs. Carey is expected to be approved by the Governor's Council when they meet July 21 (today) and take over the treasurer's position immediately.

Her nomination would result in an end to the crisis which has beset county business procedure at South Paris for a two week period following the resignation of the man originally nominated to fill Mr. Martin's job.

Mr. and Mrs. Charles Gorman entertained at their camp at Songo Pond in honor of the birthdays of Mrs. Joseph Perry and Mrs. Gorman. Present were Mr. and Mrs. Herbert Rowe, Mr. and Mrs. Earl Davis and Mr. and Mrs. Joseph Perry.

PLANS NEAR COMPLETION FOR MOLLYCROCKETT DAY

Recent interest has made it possible to include an art show in the Mollycrockett Day Bazaar this year. This event has highlighted the Bazaar for several years in the past and was not held last year because there was an apparent lack of interest and a lack of new art work being produced. The local Legion Post has offered the use of two of its rooms in the Legion Hall for the show. Persons who are interested in entering art work are asked to call bazaar chairman, at 824-2033.

The Teen Council adds another new act to the activities by providing a jail and a group of lawmen who will lock people up who do not have some symbol dealing with Indian life on their person. The arrests will be limited by space in the jail, of course, and the fines will be small. The Teen Council will also present the sandwich and Coke booth and the dance at 8 p. m.

Dr. James Hudson, our local veterinarian, will be the judge at the Pet Show at 2 p. m. Five categories will offer first and second prize ribbons. Best dog, best cat, best other pet, most unusual pet, best pet-performed trick. Other activities for youth include the Carrousel, field events at 9 a. m. parade at 11 a. m. and the dance at 8 p. m.

Some of the booths, which are open at 10 a. m. are as follows: Hot Dogs, Aldred River Grange, Ice Cream, the 4-H Club, Book Booth by the 4-H Club, Sandwiches and Coke, the Teen Council, Sportsman's Booth, Mt. Abraham Fish and Game Association, Candy Booth, Woman's Society of Christian Service of the Methodist Church, Food Booth, Round Mountain Grange.

The parade at 11 a. m. will feature the Comets, Drum and Bagge Corps from Norway, Maine. Following the parade they will perform on the town Common. Of course the whole town always waits to see who will appear on the Queen's Float as Miss Mollycrockett. Miss Mollycrockett will be dressed in Indian attire and her identity will be kept secret until the day of the parade. The parade committee wishes to encourage family floats, business floats and organizational floats as well as children's entries as prizes will be given in each category.

The schedule of the day's activities is as follows:
9 a. m. Field events games for the children.
10 a. m. All booths open.
11 a. m. Parade.
11:30 a. m. Announcement of parade winners in front of Bethel.
11:45 a. m. Demonstration by the Comets on the Common.
Noon. No organized meal is planned but plan to support the food booths for lunch.
1:30 p. m. Auction at Popen's Barn.
2:00 p. m. Food Booth of Round Mountain Grange until 4.
2:00 p. m. Pet Show.
2:30 p. m. The Art Show until 6 p. m. at the Legion Hall.
5:00 p. m. Supper.
7:00 p. m. Games for adults.
8 p. m. Public Dance.

Gregory Foster returned from Pease Island last Sunday where he had been the guest of Mr. and Mrs. John Sullivan.

MINE CAVE-IN TRAPS WORKER AT ALBANY

Shortly after 10 o'clock this Thursday morning a cave-in at the Bumpus mine in Albany was reported to the Oxford County Sheriff's Department.

Reportedly the 10,650 ton cave-in trapped one man, Oliver Frechette, Crockett Ridge, Norway, father of five children. The mine has been operated by Lester Wiley of Norway for a year and a half after a long shut-down.

U. OF M. PROFESSOR SEARCHING FOR SONG ABOUT 1991 TRAIN WRECK

Professor Edward Ives of the University of Maine was in the Bethel office Wednesday looking for information on the Grand Trunk Wreck of 1991. He found two articles in the old "Bethel News" that described the wreck, but what he is especially interested in is a song that a man by the name of Joe Scott wrote about the accident. He has heard a few lines of the song, but would be glad to hear from any readers who remember it (in whole or in part). It tells how "two double-headed freight trains were heading east and west, they were riding at full speed when they met." It goes on to describe the wreck and name those who were killed and injured, including the lives. "Two tramps were riding on that train, that will never tear apart again." If any readers can tell Professor Ives anything about the song or about Joe Scott, he will be very grateful. Please write him in care of South Stevens Hall, University of Maine, Orono. He is writing a book on Scott and his songs.

HISTORICAL SOCIETY TO MEET JULY 26

The July meeting of the Bethel Historical Society will be held at the home of Charles Heywood on Broad Street on Tuesday, July 26.

Final arrangements for the Antique Show will be made at the meeting. Members are also bringing the items they will loan for the show as the Antique Show will be held at Mr. Heywood's home. The home was the former Judge Herrick residence and Mrs. Herrick gave card parties there to raise money for the Bethel Library.

Residents are encouraged to loan family possessions for the show proceeds of which will be for the Bethel Health Council. They may bring them any time between July 20 and July 23. Mollycrockett Day. It is suggested that they phone the house to make sure someone is there to accept the loans the telephone being 824-2312.

Fred Grover will give a brief history of some of the early homes in the town.

MRS. ALLEN WITHDRAWS FROM NOVEMBER CONTEST

Mrs. Jeannette D. Allen of Bethel, the regular of deeds in the eastern district of Oxford County has withdrawn from the November elections because of health reasons.

Mrs. Allen elected to the office in 1962 and that County Democrats would meet next Wednesday at Evans Pond to pick her successor on the ballot.

Traffic Hazards Discussed by Directors at Monday Session

Clearly marked crosswalks will probably be the solution for several traffic hazards discussed with State highway officials, Supl. Horace P. Maxy, told S. A. D. 44 Directors Monday evening.

As instructed, Mr. Maxy said, he had discussed traffic hazards at crossing areas at Locke Mills and Bryant Pond and the dangerously narrow width of the bridge across Alder Brook in Bethel.

Since traffic at neither crossing is apparently up to the minimum considered for installation of traffic lights and their rather high cost would have to be met by the community or district, the advice to have clearly marked crosswalks will probably be followed, he said. If such a plan is followed, a State crew will do the work, at a cost of \$26.50 per hour.

Correction of the construction at the bridge is included in plans of the highway department for next year, he added. The bridge problem had been called to the attention of the state nearly two months ago by Bethel municipal officials.

The school directors were concerned the situation would become particularly hazardous when houses are vacated over at for transportation of the majority of district pupils once the new high school is in operation. Buses carrying elementary pupils would cross at north-bound and buses bringing students from south toward the school south of the village.

Andrew Haggood of South Paris, a graduate of the University of Maine with a degree of B. S. in education, was elected to teach social studies at Wadsworth High School. He has taught one year at Oakland.

Carl Harrigan was appointed teacher-bus driver at Andover. The only remaining teaching vacancy is that of teacher of English and French at Wadsworth.

The next regular meeting will be Monday, August 1, 7:30 p. m., at Wadsworth High School. Tuesday evening the building committee, and others interested, met with architect Philip Wadsworth to discuss laboratory equipment and other details.

Wednesday was tentatively set for a meeting for further study of heating for the new high school. Thursday, at a special meeting, more candidates for high school principal will be interviewed.

GILEAD CRASH INJURES PORTLAND MAN FRIDAY
A Portland man was reported in good condition after being injured in a car crash on Friday.

The injured man was a 40-year-old man, identified as Herbert E. Thorne, 114 of 101 Brandon Street. According to State Trooper Jerry Smith of Bethel, Mr. Thorne was traveling west when his car left state 3 at about 8 p. m.

The trooper said the car was turned over and caught fire.

The superintendent of the Academy teacher's niece was instructed to have further correspondence in the matter.

Mr. Maxy reported the 66-passenger Chevrolet bus ordered last December has arrived at the place of purchase, Waldoboro, and will be driven here as soon as registration is complete. Its delivery in time for September use is promised.

The superintendent noted that an application for funds for a project under III filed this spring, had been denied. Funds were sufficient for only about 10 percent of 1,000 projects applied for.

Ralph Ryder, curriculum supervisor, and apprentice superintendent, is performing necessary duties in the S. A. D. offices during Mr. Maxy's vacation, which is now in effect, running to Aug. 1.

Specifications for bidding on site preparation are being prepared for publication this week, according to Vice Chairman Lester Rickford, who presided at the meeting. Bids are to be returned to the superintendent's office by 4 p. m. Monday, Aug. 1, the contract awarded, Wednesday, Aug. 3, and the work to be completed by Thursday, Sept. 1.

Initiatives to bid on the fuel contract for 1966-67 will be out about August 1.

The next regular meeting will be Monday, August 1, 7:30 p. m., at Wadsworth High School.

Tuesday evening the building committee, and others interested, met with architect Philip Wadsworth to discuss laboratory equipment and other details.

Wednesday was tentatively set for a meeting for further study of heating for the new high school. Thursday, at a special meeting, more candidates for high school principal will be interviewed.

Christian Science. "Truth" is the subject of the Bible Lesson-Sermon to be considered at all Christian Science services this Sunday. One of the central themes will be Jesus' parable of the sower whose seed

to \$78,000 and \$20,000 was received in donations which supplemented the money paid by owners. Each month about 900 owners are assisted by FOA, and our cooperating veterinarians accept modest fees.

I am happy to hear from any local pet owner desiring help or information about our services. I have already made spraying possible for several.

These of us who represent FOA are constantly having brought to our attention the negligence—often through ignorance of many, many pet owners. It seems that they think an animal can get by on its own devices, even though man has domesticated it and therefore rendered himself responsible for its fate.

Water and suitable food—your veterinarian can advise, or your FOA volunteer—should be available at all times. Yet half starved, starved animals are seen daily, because they are expected or just allowed to roam and scavenge for their food. More and more, a steady diet from garbage cans and dumps are soon apt to be diseased.

Everyone has a responsibility towards any animal he chooses to keep, and there definitely are real dangers for all the kittens

HONORED ON 35th ANNIVERSARY

Mr. and Mrs. Jesse H. Doyen

Mr. and Mrs. Jesse H. Doyen, formerly of Bethel, and now residing in South Portland, were recently listed at a 35th wedding anniversary and open house at their cottage on Sango Pond.

Featured was a program directed by Masters York of Wilkesboro, N. H. Presentations included solos by Miss Marjorie Doyen, recently of New York City and now residing in South Portland. She was accompanied by Mr. York who later joined with her for a duet selection. Musical arrangements on the bells were also presented by Mrs. Francis Harrington of Winthrop, Maine.

A Tom Thumb wedding was viewed by the 100 guests with the following persons acting as minister, Master John Hindman, of Matocsa, Va. bride, Miss Rich-

NEW ELECTRONICS FIRM FOR NORWAY ANNOUNCED. Maine's Commissioner of Economic Development, Stanish R. Buchanan and Samuel Michael, Director of Economic Development for Oxford County today (July 21) jointly announced the acquisition of a new electronics firm for the town of Norway.

Electricians of Bethel, Conn., will build a new 10,000 square foot machine and steel building on Norway's Cottage Road where they'll eventually employ some 60 persons in the manufacture of printed circuits for the electronic industry.

Michael Hayden, secretary of the expanding Connecticut firm, said they chose Maine for several reasons - but primarily because the Maine market water and power facilities and the new firm would control their costs.

The eight-year-old firm is headquartered in a three-story building in Danbury and Hayden said plans call for maintaining the Bethel plant as the headquarters for their operations.

Hayden said they were hopeful of finding in Maine a skilled labor force and that the firm's expansion program would be a success.

Mr. Michael said he was often asked the firm's after-credits name of expansion.

The firm's name, Hayden said, is "I want to have the opportunity to have the firm's name of expansion."
